DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Rejections not maintained are withdrawn.

Response to Amendment

3. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Laurent (US 4346189) either taken individually, or in view of JP 2000258628A (Abstract and Derwent Abstract), substantially for the reasons set forth in section 4 of Paper No. 3, together with the following additional observations.

With respect to Applicant's Response arguing that particular advantages of air blowing suitability of non-tacky powders having a gravity of 4 or lower was unexpected results (Response, page 3, paragraphs 3-4), the Examiner notes that there is no recitation regarding the "air blowing suitability" in claim 1. Further, the Examiner reiterates that Laurent clearly teaches that it is known art that laminate adhesive bleed or ooze can be overcome by rubbing the edges with a cloth bag filled with powder, such as zinc stearate that fixes itself to any adhesive at the edge and renders it non-tacky (column 1, lines 30-38). As such, in the absence of unexpected results, it would have been obvious to one of ordinary skill in the art to apply a non-tacky powder, such as the zinc stearate powder, which has an inherent low density of 1.2, to the edge surfaces of

a pressure sensitive adhesive laminate of optical films, motivated by the desire to render the edge non-tacky.

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor S Chang whose telephone number is 703-605-4296. The examiner can normally be reached on 8:30 - 5:00.
